Doors, Modular Kitchen, Wooden Floorings

A leader in manufacturing premium wood-based solutions, Shreeji is a name to reckon with in the woodcraft industry. We develop exclusively finished contemporary wooden doors, frames, and international wooden flooring for sports and leisure.

King-Size Infrastructure

Our infrastructure facility is based in the heart of nature at Silvassa—spread over a colossal area of 3,50,000 sq. feet. With state-of-the-art machinery that offers world-class automation and mechanism to encompass the line of production, we are now spreading our wings globally.

Turnkey Solutions

Our end-to-end solutions eliminate the need to visit multiple vendors. At Shreeji, the entire process of door manufacturing & installation is covered—from taking the measurements, creating the design, manufacturing, shipping the door with shutter frame, architrave, hardware and accessories, to installing the door.

Not At Mother Nature's Cost

Our wood-based masterpieces are produced with minimal impact on the environment.

WE CREATE EMPOWERING STATEMENT PIECES

Creating statement pieces is at the core of Shreeji and over the years many of our works have emerged as luring icons. We love taking risks and turning heads. Three of our iconic brands include Elizio, Zyrex, & SMART.

Elevating elegance to a masterpiece, Elizio is a range of premium doors and frames redefining luxury. This classic range belongs to the modern world of laminate finishes and meets international standards. A symbol of beauty and grace, they are a hallmark of excellence. All the more, our frames are visually as stunning as the doors and designed to look alike.

They say, "if you can organize your kitchen, you can organize your life." Shreeji's S.M.A.R.T modular kitchen concepts are a tasteful fusion of elegance and function to make your life as simple and organized as possible. Thoughtfully crafted for functionality, our personalized modular kitchen designs offer maximum utility in minimalistic kitchen spaces.

Tastefully styled and designed to be durable, Zyrex's premium range of flooring is technically superior in all facets including elegance, utility, longevity, and much more. The high point being the player's comfort and safety there's no impact on their knees, feet, and ankles.

WOODEN SPORTS FLOORING

Our wooden sports flooring conforms to international standards and is a perfect combination of style and sophistication. All the more, our floors excel in every aspect including safety, beauty, and durability.

Zyrex Air-cush Wooden Sports Flooring

The unique construction of ZYREX Air-Cush wooden sports flooring ensures that there is no impact on the knees, feet, shins and ankles.

ZYREX floorings are designed from select kiln seasoned anti-termite hardwoods. These boards are machined to a special tongue and groove design for concealed screwing, and lacquer coated if required to provide an exceptional seal.

ZYREX[®]
Surfaces That Make Champions

Hard Plaster System

Our Armourcoat Hard Plaster System has been tried and tested in hundreds of locations in the UK, Europe, Middle East, and Far East. It is in use in all-climatic conditions from sub arctic regions to deserts. These Armourcoat Hard Plasters are approved by the World Squash Federation as proof of meeting the official standard. All the more, they provide excellent durability, high-impact resistance, flat and true predictable rebound surfaces, superb reflectance and ball visibility. We are the sole agents and "QA" accredited contractors for Armourcoat in India.

Armourcoat Hard Plasters are certified by the World Squash Federation as proof of meeting the official standard.

Glass Back Wall Systems

Ellis Pearson Glass Back Wall Systems meet all recommended safety standards and building codes. The unique door hinge completely eliminates the risk of finger-trap.

Glass Back Wall are certified by the World Squash Federation as proof of meeting the official standard.

Zyrex Outdoor Wooden Flooring

The warm wood grains in this flooring allow the surface to blend harmoniously with any natural surroundings. Outdoor wood is finished with a special oil absorbed by the wood that provides surface protection.

Outdoor Recreational Coating

Designed from latex-ite, the outdoor recreational coating assures a player both sure-footedness and consistent ball bounce. Space-age fiber added to the 100% acrylic binder gives trouble-free playing for years to come.
